

How does Mathletics Reward Great Performance?

Research shows that students learn best when they are appropriately recognised for their efforts. Mathletics uses a variety of mechanisms to encourage and reward students to strive for great performance. These include:

- Participation Certificates
- The Mathlete Maker Credit System
- Hall of Fame - Top Students
- Hall of Fame - Top Classes
- Mathlete of the Week

Participation Certificates

Students are encouraged to gain a Participation Certificate each week. It typically takes students about an hour to gain a Participation Certificate. These certificates begin at a Bronze Level and build up to Silver and Gold which recognise sustained effort over many weeks.

Students gain points for each correct answer. The more correct answers - the more points!

We recommend that students gain a **Participation Certificate** each and every week. This has the greatest impact on improved results.

Gold Certificates take 20 weeks of sustained effort to achieve - they are worth celebrating!

The Mathlete Maker Credit System

Each time a student achieves a High Score (greater than 60) or a Participation Certificate they gain credits which can be used to purchase additional features for their Mathlete avatar.

Hall of Fame - Top Students

The Hall of Fame on the main website recognises outstanding participation. Students gain a great buzz out of having their Mathlete avatar on display to the entire world!

Mathletics

HOME ABOUT US LEARNING SIGN IN

Mathletics is the next generation in learning, helping students enjoy maths and improve their results. Mathletics covers the Key Stage 1 to A Level National Curriculum Framework.

Benefits of Mathletics

- Pupils love Mathletics.
- Ideal for formative assessment.
- Fully personalisable.
- Used and trusted by more than 1000 schools worldwide.

Hall of Fame - Top Classes

Students also find it motivating to be representing their class at Mathematics - it makes it just like sport! The Top Classes section of the Hall of Fame recognises the tremendous team effort that particular classes make.

Mathlete of the Week

Each week a lucky Mathlete is drawn out to be Mathlete of the Week and collects a prize of two movie tickets! In order to go in the draw for this students must gain their Participation Certificate.
