## About Mathletics

Everything we do is about results.

Our mission is to engage every student every day with a personalized, responsive, intelligent and challenging learning resource that inspires a delight in mathematics and an innate drive to better results.

## Benefits of Mathletics

- ✓ Improved results.
- ✓ Students love Mathletics.
- ✓ Students are engaged and motivated to learn.
- ✓ Easy to use.
- ✓ Students have access to Mathletics 24 hours a day, 7 days a week.
- ✓ Mathletics responds to your student's strengths and weaknesses.
- ✓ Free, dedicated parent center.

Mathletics is the world's most used educational website! As an online learning resource, it is the next generation in learning, helping homeschoolers enjoy mathematics and improve their results. Mathletics covers the math curriculum from grades K-12.

Mathletics is used around the world by schools, homeschoolers and children in the USA, Australia, New Zealand, UK and Europe, Canada, South Africa, China and other Asian countries. Our team of experienced educators, e-learning publishers and developers is dedicated to providing effective learning resources using cutting edge technology.

Mathletics homeschoolers automatically have access to the latest developments as they happen, meaning that children and parents can be confident that they are using the most effective and relevant resource available.

## Students Love Mathletics

*"I home school my youngest 4 children and decided to incorporate Mathletics into our curriculum. We are into our second year with Mathletics and I am very impressed with it."*

**Georgina Kent,  
Providence, Utah.**

Mathletics captivates and challenges students in a stimulating, interactive environment.

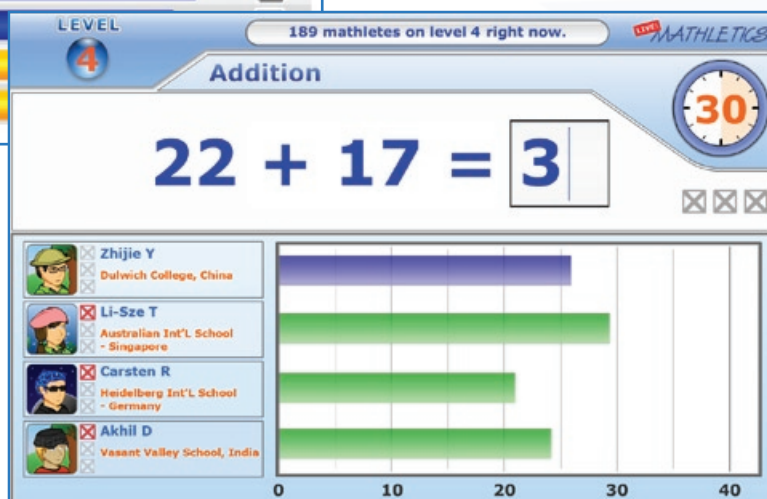

- ✓ Used by more than 100,000 students each day.
- ✓ Students are motivated and engaged.
- ✓ Students are able to work through the curriculum at their own pace with immediate feedback.
- ✓ Students are assisted by an on-line support centre.
- ✓ Mathletics fosters a stimulating and exciting on-line learning community.
- ✓ Hall of Fame and certificates recognize and reward participation and achievement.

**Student-friendly  
results display**

**Exciting on-line learning  
community in a safe  
environment. There is  
no communication with  
or between students .**

**MATHLETICS**

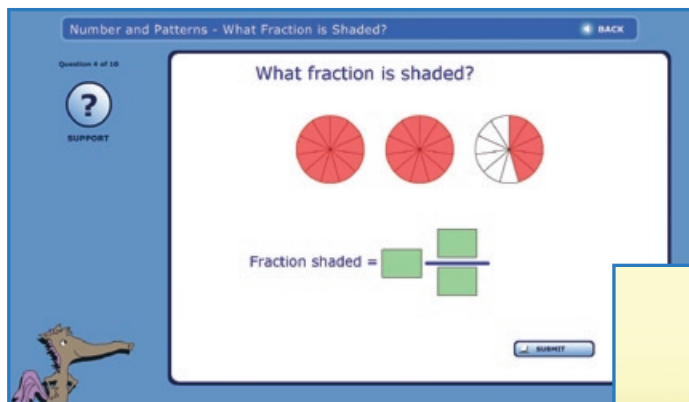

# Mathletics Improves Results

Mathletics motivates students to strive for better results.

- ✓ Using Mathletics increases average marks in Math.
- ✓ It's adaptive, tailoring questions based on the ability of the individual student.
- ✓ Provides immediate feedback to your student.
- ✓ Visually supports every curriculum concept.
- ✓ 24 hour access.
- ✓ Receive weekly progress email and monitor results via the dedicated parent centre.

*"To summarize these findings in a single sentence is difficult, but in answer to the original research question, Does Mathletics enhance achievement in mathematics? The answer is demonstrably "Yes"."*

**Brian Doig, Deakin University VIC** from research paper 'Does Mathletics enhance achievement in mathematics?' 2007/8

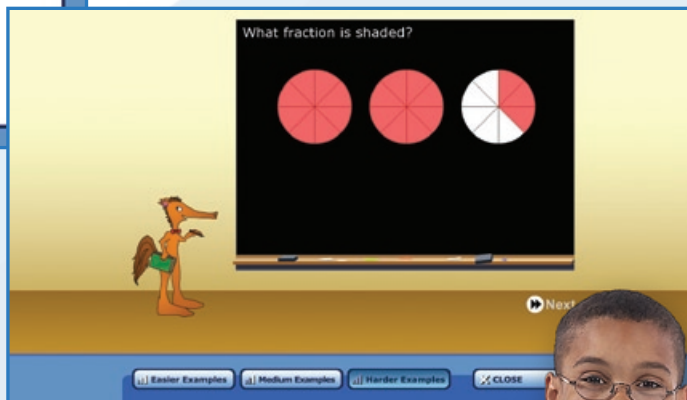

## Support Centre

Step by step support guides students to mastery

**Immediate feedback**

# Inspiring Better Results

# Dedicated Parent Center

Mathletics provides all parents access to a free dedicated parent center to track and monitor progress and results.

## Task Manager

Assign a specific activity for your child to complete, before they are able to access other features of Mathletics. Use task Manager to encourage your child to do specific revision for an upcoming test; focus on activities that they find particularly challenging; or just to ensure they complete curriculum activities before they play Live Mathletics.

## View Progress

Review weekly results and print certificates of achievement

World Math Day is a unique web-event where students from across the globe unite to answer mental arithmetic problems in a multi-player game environment. Students participate in age specific 60 second challenges.

The event is inclusive and caters for all ability levels across primary and secondary schools. World Math Day is free for schools and students.

World Math Day is one of the world's largest global events with over 200 countries represented and is held on the first Wednesday in March each year.

Visit [www.worldmathday.com](http://www.worldmathday.com) for more information.
